

Donate Medical Supplies

When we needed you, you answered the call. We have been astounded and so impressed with the members of our community. So many of you are asking: “How can I help?” We wanted to provide the following information for how Methodist Health System is accepting donations.

Currently we have a critical need for the following new/unopened items:

- N95 respirator masks
- Face masks and shields
- Goggles
- Isolation gowns (impervious)
- Hand sanitizer (ethyl alcohol 60%)

If you have any of the above items:

- In Omaha, the drop-off location is just inside the main entrance at Methodist Health System’s corporate office located at [825 S. 169th St.](#)
- Drop-off hours are from 9 a.m. to 3 p.m., Monday through Friday.
- If you have additional inquiries, please call [\(402\) 354-4533](#).
- In Council Bluffs, please call [\(712\) 890-5365](#).
- In Fremont, please call [\(402\) 727-3566](#).
- Methodist Fremont Health is also accepting cards, new/unopened snacks, and crossword and dot-to-dot books for the residents at Dunklau Gardens.

Due to the amazing response by our community, Methodist Hospital and Methodist Women's Hospital are no longer accepting hand-sewn products at this time. If you have a hand-sewn donation that you would like to make and live in the Council Bluffs or Fremont communities, please use the contact information provided above for further instructions.
