METHODIST HOSPITAL | Emergency Department Renovation & Expansion

COMMUNITY Resource **Project Cost:** \$25 million

More people are relying on Methodist for their emergency care than ever before. We have seen a 20% increase over the last five years. It's time to rebuild our facility and reimagine how treatment is delivered.

Our last structural remodel was in 1995. We are partnering with the public to meet the community's needs:

- Expanded geriatric care for aging baby boomers
- Improved ambulance access
- Safer environment for mental health patients
- More room to innovate
- Specialized space for victims of sexual assault, domestic violence and human trafficking

When completed, the Methodist Hospital Emergency Department will have twice as much space.

- **Patient Rooms:** From 12 to 24
- **Square Feet:** From 11,520 to 24,500
